

# ENRICHING THE COMMUNITY

A monthly publication for friends of Family Enrichment Network

## 2021 Program Development at FEN

The Program Development department is steadily resilient, busy at work keeping up with our agency and community needs. While we continue to navigate through the health crisis we remain steadfast in our mission: to provide supportive services and programs for the optimal development of children, adults and families. We work hard to generate resources to be used for quality community programming and as 2021 comes to an end we would like to take a moment and say thank you. Over this past year we served over 1,500 children, adults, and families throughout Broome, Chenango, and Tioga Counties. Thank you to our funders and partners for their support and commitment to enriching the lives of our community!
