

# ENRICHING THE COMMUNITY

A monthly publication for friends of Family Enrichment Network

## Program Development

The Program Development department works to sustain programming and develop new programming that meet our agency and community needs. This department works hard to generate resources to be used for quality community programming that provides supportive services and programs for the optimal development of children, adults and families. As 2022 comes to an end we would like to take a moment and say thank you. Over this past year we served over 1,500 children, adults, and families throughout Broome, Chenango, and Tioga Counties. Thank you to our funders and partners for their support and commitment to enriching the lives of our community!

*The mission of Family Enrichment Network is to provide supportive services for the optimal development of children and families. We believe in coordinating children and family services using a comprehensive and collaborative approach to improve their quality of life while ensuring the greatest value for our investment in child, adult, and parent development.*
